Cellular MYCro Economics: Balancing MYC Function with MYC Expression

David Levens

In the original version of this article, there were two errors in the right-hand column on p. 8. On lines 38–39, APC was incorrectly defined by the copyeditor as “anaphase-promoting complex.” The correct definition is “adenomatous polyposis coli.” On lines 22–23, the phrase “subsequently, TSS sites were reported” should have read “subsequently, TCF sites were reported.” The publisher and author, respectively, apologize for these errors. The PDF and HTML versions of the article have now been amended.
